Operational objective 1: Advocacy, awareness raising and education

CONS-O-1	Number and size of information events organized on the subject of desertification, land degradation and drought (DLDD) and/or DLDD synergies with climate change and biodiversity, and audience reached by media addressing DLDD and DLDD synergies		
Global target	Percentage of population informed about DLDD and/or DLDD synergies with climate change and biodiversity	30 %	2018
National contribution to the global target	Percentage of national population informed about DLDD and/or DLDD synergies with climate change and biodiversity	30	2011 2013 2015 2017 2019
Voluntary national target	Percentage of national population informed about DLDD and/or DLDD synergies with climate change and biodiversity	%	Year
	Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?		
	National target shall be established after alignment of National Action Programme with the 10 year strategy of UNCCD.		
Information events	Year	Number of events	Total estimated participants
	2008		
	2009		
	2010		
	2011		
	2012	155	7810
	2013	203	14070
	2014		
	2015		
	2016		
	2017		
	2018		
Mass media articles and radio/television programmes about these events	Year	Number	Estimated people reached
	2012	11092	15767885
	2013	12518	13663162
	2014		
	2015		
	2016		
	2017		
	2018

Operational objective 1: Advocacy, awareness raising and education

Foundation for Ecological Security, Anand
Gram Bharati Samiti, Jaipur
G.B. Pant Institute of Himalayan Environment and Development, Almora
Himalayan Forest Research Institute, Shimla
Indian Council of Agricultural Research, New Delhi
Indian Council of Forestry Research and Education, Dehradun
Indian Institute of Horticultural Research, Bangalore
Ministry of Information and Broadcasting, Government of India
National Research Centre for Agroforestry, Jhansi
Soil and Water Conservation Department, Kohima, Nagaland
Watershed Trust Organisation, Pune
National Afforestation and Eco-Development Board, MoEF&CC
National Institute of Disaster Management, New Delhi

Qualitative assessment

Does your country have a national communication strategy addressing DLDD and/or DLDD synergies with climate change and biodiversity in place? Yes No

Provide any complementary information as needed (e.g., regarding the implementation of the Comprehensive Communication Strategy, activities relating to the United Nations Decade for Deserts and the Fight Against Desertification, etc.):

- National Communication Strategy addressing DLDD shall be made in aligned National Action Programme.
- India has sent its first and second National Communication (NATCOM) to UNFCCC, which shall be used in developing national communication strategy for DLDD and DLDD synergies with climate change and biodiversity.

Operational objective 1: Advocacy, awareness raising and education

Voluntary national target

Percent increase in the number of CSOs and STIs participating in the Convention process at national level, per biennium %

100

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects? Yes No

Provide a short description of actions taken at the national level to promote participation by CSOs and STIs in the Convention processes.

Operational objective 1: Advocacy, awareness raising and education

- Government of India is taking initiatives in promoting the participation of national, state level and grassroots level of CSOs and STIs in all the programmes and projects related to tackling DLDD. For example, the Integrated Watershed Management Programme (IWMP) launched by the Department of Land Resources, Ministry of Rural Development, Government of India in which IWMP guidelines provides the allocation of 25% of the projects to CSOs / NGOs as Project Implementing Agencies under this programme and 258 CSOs are involved across the country under IWMP during the year 2012 and 2013.
- CSOs and STIs are involved as a project partners in thirty six sustainable rural livelihood security related sub-projects under National Agriculture Innovation Project of Indian Council of Agricultural Research.
- Under Sustainable Land and Ecosystem Management (SLEM) project, CSOs like Bharati Integrated Rural Development Society and Jal Bhagirathi Foundation, and STIs like Indian Council of Forestry Research and Education and Indian Council of Agricultural Research took DLDD initiatives throughout the country.
- STIs like Forest Survey of India and Indian Council of Forestry Research and Education are proposed partners in Green India Mission.

Operational objective 1: Advocacy, awareness raising and education

CONS-O-4				
Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education				
Global target				
A steady growth in the number of DLDD-related education initiatives undertaken by CSOs and STIs is recorded along the implementation period of The Strategy				
National contribution to the global target: number of DLDD-related initiatives implemented by CSOs and STIs in the field of education	Year	Number of CSOs initiatives	Number of STIs initiatives	
	2008			
	2009			
	2010			
	2011			
	2012	789	250	
	2013	770	205	
	2014			
	2015			
	2016

	National Afforestation and Eco-Development Board			
	Voluntary national target	Percent increase in the number of DLDD-related education initiatives undertaken by CSOs and STIs, per biennium	%	12,84
		Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?		
Qualitative assessment	Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs?			
	Yes	<input checked="" type="checkbox"/>	No <input type="checkbox"/>	

Operational objective 1: Advocacy, awareness raising and education

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

Government of India made consistent efforts to increase the participation of CSOs and STIs in the field of education and capacity building for tackling DLDD.

Under the Country Partnership Programme of Sustainable Land and Ecosystem Management (SLEM), capacity building programmes for different stakeholders were carried out by the institutes of Indian Council of Forestry Research and Education.

Under Integrated Watershed Management Programme, 5% of project cost is earmarked for capacity building activities of all the stakeholders. These activities are taken up at various levels by State Governments through involving CSOs and STIs.

Department of Space, Government of India encourages academic institutions to take up research activities under 'Respond Programme' and also sponsoring training programmes under NNRMS to research institutes to conduct capacity building programmes

National Remote Sensing Centre, Hyderabad is involving CSOs and STIs in transfer of technology and capacity building for land use land cover mapping.

Forest Survey of India, Dehradun is undertaking capacity building of various stakeholders for forest cover mapping and inventorization.

Indian Institute of Remote Sensing, Dehradun is undertaking capacity building of various stakeholders for mapping and inventorization of natural resources.

CONS-0-5 Number of affected country Parties, subregional and regional entities to have finalized the formulation/revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

Global target Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy **≥ 80 %** **2018**

National contribution to the global target

Does your country have a NAP aligned to the Strategy? Yes No

Qualitative assessment

Is your NAP being implemented? Yes No

Please answer the following two questions only if your country has not aligned the NAP to the Strategy

Voluntary national target

When do you plan to align your NAP to the Strategy? 2014-2015
2016-2017
2018-2019
No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

India's National Action Programme to Combat Desertification (NAP-CD) was formulated in 2001 which was adopted prior to The Strategy. Alignment of the NAP with The Strategy of UNCCD is under progress and is likely to be aligned to the Strategy by 2014-2015. A number of programmes are also under implementation for conservation of natural resources, improvement of the socio-economic conditions of affected people, delegation of powers to local self governments and encouraging people's participation.

Many of schemes and programmes run by the Ministry of Rural Development, Department of Land Resources, Ministry of Environment, Forests and Climate Change, Ministry of Agriculture, Ministry of Water Resources, Ministry of Tribal Affairs, Ministry of Panchayati Raj, Department of Science and Technology, Department of Space have significant bearing on Desertification, Land Degradation and Drought (DLDD) issues in India. There is tremendous opportunity for a focused and coordinated response to combat DLDD from the various ministries.

National Remote Sensing Centre, Hyderabad has established a good monitoring mechanisms in terms of mapping LULC on annual basis and the maps are hosted on Bhuvan Geo-portal. This helps in time series and geospatial analysis of various themes including agriculture, wastelands / degraded lands, surface water etc. Similarly forests are mapped and monitored on 2 yearly basis by the Ministry of Environment, Forests and Climate Change, Government of India by using IRS data. Desertification and land degradation status at 1:500000 scale is being carried out using satellite data and ground information as a part of regular monitoring activity by Space Applications Centre, Ahmedabad.

Sources of information

- Ministry of Environment, Forests and Climate Change, Government of India
- National Remote Sensing Centre, Hyderabad
- Space Applications Centre, Ahmedabad

CONS-O-7 Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

Global target Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions **2014**

National contribution to the global target

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period? Yes
 Yes, but for only two of the Rio conventions
 No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period? Yes
 Yes, but for only two of the Rio conventions
 No

Please answer the following questions if your country has such initiatives or mechanisms in place

Qualitative assessment

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

- Evaluation of national plans and identification of gaps in synergies
- Identification of national sectors and policies that could benefit from synergies and cooperation
- Review of national policies to enhance cooperation and synergies
- Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders
- Other (please describe below):

Qualitative assessment

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

- Regular meetings between focal points and focal point teams of the Rio conventions
- A national coordinating committee for the implementation of the Rio conventions
- National coordination on synergies in reporting under the Rio conventions
- Other (please describe below):

The three Focal Points for UNFCCC, UNCCD and CBD are all based in the Ministry of Environment, Forests and Climate Change, Government of India so as to facilitate maximum coordination and develop synergies among the three Rio Conventions.

Provide any complementary information as needed:

Various programmes of Government of India ensure synergies between the three Rio Conventions on climate change, desertification and biodiversity. For example Green India Mission, Sustainable Land and Ecosystem Management-Country Partnership Programme (SLEM-CPP), Mahatma Gandhi National Rural Employment Guarantee Act (MNREGA), Integrated Watershed Management Programme (IWMP) etc. take care of the objectives of the three Rio Conventions.

Sources of

Ministry of Environment, Forests and Climate Change, Government of India

information

Indian Council of Forestry Research and Education

Operational objective 3: Science, technology and knowledge

CONS-0-8 Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

Global target Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD **≥ 60 %** **2018**

National contribution to the global target Is a monitoring system specifically dedicated to DLDD established in your country? Yes No
 If yes, is the monitoring system regularly updated and functional? Yes No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

Voluntary national target When does your country plan to establish and support a national monitoring system for DLDD? 2014-2015
 2016-2017
 2018-2019
 No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Sources of information

National Remote Sensing Centre, Hyderabad

Department of Land Resources

Qualitative assessment

Does your country have a monitoring system partially covering DLDD? Yes No

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

- Natural Resources Repository (NRR) programme of Department of Space has initiated Natural Resources Sensors Project for mapping of various themes like land use and land cover (LULC), land degradation and soil mapping.

- These parameters are monitored at different time scales by National Remote Sensing Centre. For example, LULC mapping is carried out annually on 1:250,000 scale and once in five years on 1:50,000 scale.

- Desertification Status Mapping on 1:500,000 scale is carried out by Space Applications Centre, Ahmedabad.

- A major difficulty is noticed by the Department of Land Resources for information collection at field level in a time bound manner.

Knowledge-sharing systems

List any DLDD-relevant knowledge-sharing system in your country, providing an Internet link and estimated number of users per year (add as many rows as necessary).

Operational objective 3: Science, technology and knowledge

CONS-O-10	Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity		
Global target	Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.	≥ 70 %	2018

CONS-0-13	Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments		
Global target	Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects	≥ 90 %	
National contribution to the global target	Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
	Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
	Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed		
	<p>- Under Integrated Watershed Management Programme (IWMP) of Department of Land Resources, Ministry of Rural Development, Government of India, 5% of the project cost is earmarked for Capacity Building activities of all the stakeholders.</p> <p>- Capacity building initiatives in the form of training programmes including exposure visits for stakeholders in the different parts of the country on DLDD related activities were organised as one of the component under different ongoing programmes/projects related to DLDD.</p> <p>- Capacity building to combat DLDD is also undertaken in the Country Partnership Programme of Sustainable Land and Ecosystem Management (SLEM) by way of trainings, workshops and dissemination of information among different stakeholders.</p>		
Sources of information	Department of Land Resources, Ministry of Rural Development, Government of India		
	Ministry of Environment, Forests and Climate Change		
	Indian Council of Forestry Research and Education		
Qualitative assessment	Has your country assessed DLDD-related capacity-building needs?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
	Did you country receive technical and/or financial assistance to build capacities to combat DLDD?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
	From which institutions and which type of assistance was provided?	Financial	Technical
	UNCCD Secretariat	<input type="checkbox"/>	<input type="checkbox"/>
	Global Mechanism	<input type="checkbox"/>	<input type="checkbox"/>
	Global Environment Facility	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	Bilateral agencies	<input type="checkbox"/>	<input type="checkbox"/>
	Other multilateral organizations	<input type="checkbox"/>	<input type="checkbox"/>

Operational objective 5: Financing and technology transfer

CONS-0-14 Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the integrated financing strategy (IFS) devised by the Global Mechanism (GM) or within other IFSs, reflect leveraging national, bilateral and multilateral resources to combat DLDD

Global target Percentage of affected country Parties, subregional and regional reporting entities that have developed integrated investment frameworks (IIFs) ≥ 50 % 2014

National contribution to the global target

Does your country have an integrated investment framework? Yes No

Provide any complementary information as needed (e.g. is the IIF based on the NAP; non-traditional and innovative financing targeted by the IIF; overview of the progress in implementing the IIF in your country; assistance received in the development or implementation of the IIF from the GM or other development partners, etc.)

IIF shall be based on the Aligned National Action Programme (NAP), which is under preparation. The financial assistance for this purpose has been received from GEF under the project "Enhancing Capacity for Alignment of National Action programme to 10 year Strategy of UNCCD and for National Reporting to UNCCD Secretariat (TF 12765)".

Sources of information

Indian Council of Forestry Research and Education

CONS-O-16

Degree of adequacy, timeliness and predictability of financial resources made available by developed country Parties to combat DLDD

Rating of the bilateral assistance received for the implementation of the Convention and its Strategy during the reporting period

Adequacy of bilateral assistance received	Adequate	<input type="checkbox"/>
	Fairly adequate	<input type="checkbox"/>
	Not adequate	<input checked="" type="checkbox"/>
Timeliness of bilateral assistance received	Timely	<input type="checkbox"/>
	Fairly timely	<input type="checkbox"/>
	Not timely	<input checked="" type="checkbox"/>
Predictability of bilateral assistance received	Predictable	<input type="checkbox"/>
	Fairly predictable	<input type="checkbox"/>
	Not predictable	<input checked="" type="checkbox"/>

Provide any complementary information (e.g., additional information on other aspects beyond those mentioned above which impact proper planning and effective implementation of the Convention in your country, etc.)

Predictable, adequate and sustained flows of financial resources are required to promote sustainable land management practices.
 Capacity building, Financing and Technology transfer is one of the key issue under UNCCD. The support in terms of financial resources to the convention is very weak vis a vis other Rio conventions.
 In last 21 years, GEF Trust Fund has invested USD 11.5 billion of GEF Grant while leveraging USD 57 billion of project co-financing for 3,215 projects in more than 165 countries. The meager allocation of USD 0.364 m for land degradation, vis a vis USD 4.3 b for climate change mitigation and adaptation and USD 3.3 b for biodiversity reflects the resource constraints. India has accessed USD 463 m of GEF grant that include USD 300 m for climate change mitigation and adaptation, USD 94.5 m for biodiversity, USD 38 m for multi-focal area (this includes SLEM projects, UNDP-Small Grants Program (SGP) and some capacity building projects) and USD 0.148 m for land degradation.

Qualitative assessment

Did your country receive assistance in raising resources from bilateral donors? Yes No

If yes, from whom?

Japan International Cooperation Agency

CONS-O-18

Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

Global target

A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of the Strategy

A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of the Strategy

National contribution to the target: estimated amount of financial resources allocated to facilitate access to technology

Year	Currency	Amount
2008		
2009		
2010		
2011		
2012		
2013	INR - Indian Rupee	85816000
2014		
2015		
2016		
2017		
2018		

Has your country established economic and policy incentives intended to facilitate access to technology? Yes No

Sources of information

- Department of Agriculture and Cooperation
- Indian Council of Agricultural Research
- Indian Council of Forestry Research and Education

Voluntary national target

Percentage increase of financial resources allocated to facilitate access to technology by a given year % Year

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

The National Action programme is under preparation, where this issue shall be considered.

Qualitative assessment

Provide any complementary information as needed (e.g., a short overview of specific aspects and the nature of technology transfer in your country, aspects in which there is a need to increase the level of technology transfer, etc.)

- Indigenous technologies in agriculture, forestry and natural resources have been developed by different research and development organisations of the country.
- Technology transfer has taken place up to local level by network of institutions like Krishi Vigyan Kendra (KVKs) of Indian Council of Agricultural Research, Van Vigyan Kendra (VVKs) of Indian Council of Forestry Research and Education.
- There is a need to have better quality data, information and methodologies for mapping of DLDD and need for access to latest technologies in this field at affordable cost.

Identification

Identification

Identification code

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

--

Name of the activity funded

Enter the name or title of the activity, project, programme, organization or initiative

Plantation and green belt development around Chandrapura Thermal Power Station
--

Basic data

Recipient country, subregion and region

Enter the name of the country(ies), subregion(s) or region(s) in which the activity is taking place or is due to take place. Indicate "global" if the activity is of global scale or has no specific geographical focus

Category	Location
Country	India

Status

Indicate the status of the activity at the time of completing this form

- Committed
- Proposal
- On-going
- Completed

Co-financing

Source	Currency	Amount
Damodar Valley Corporation, Kolkata	INR - Indian Rupee	7303406

Type of funding

Indicate the instruments used to finance the activity

- Grant
- Loan (commercial)
- Loan (concessional)
- Budget authority
- Debt swap/relief
- Basket funding
- Sectoral support
- Sovereign wealth fund
- Payments for Environmental Services (PES)
- Results based financing
- Equity
- Venture capital

Could your country count on sufficient financial resources to meet UNCCD reporting obligations?

Yes

No

Provide an estimate of the amount invested from your country's national budget into the current UNCCD reporting process

Year	Currency	Amount
2008		
2009		
2010		
2011		
2012		
2013	INR - Indian Rupee	
2014		
2015		
2016		
2017		
2018		

Human resources

Provide an estimate of the people involved in your country in the UNCCD reporting process, and of the total number of months dedicated by these persons to the reporting process

Year	Number of people	Number of months
2008		
2009		
2010		
2011		
2012	10	3
2013	60	6
2014		
2015		
2016		
2017		
2018		

Knowledge

Could your country count on sufficient technical and scientific knowledge to meet UNCCD reporting obligations?

Yes

No

Coordination

Was coordination at the national level with the relevant line ministries satisfactory in order to report comprehensively and coherently?

Yes

No

Participation and consultation

Was a participatory or consultative approach applied to involve all relevant stakeholders in the reporting process?

Yes

No

Validation

Was a validation meeting held as a part of the reporting process?

Yes

No

Subregional and regional processes

Did your country cooperate with the entities entrusted with preparing the subregional and regional action programme reports?

Yes

No

Accommodation of specific requests within decisions taken by the Conference of the Parties

Reporting on specific COP requests: iterative process on indicators

Tick the boxes only if you have experienced difficulties in reporting on one or more performance indicator(s). When doing so, place the tick mark under the e-SMART criterion for which the difficulty occurred.

Any other country-specific issues

Does your country have any specific issue to bring to the attention of the Conference of the Parties? Yes No

If yes, please specify under which of the following broad categories it can be classified

- Policy, legislative and/or institutional framework
- Capacity-building and awareness-raising
- Desertification/land degradation and drought and sustainable land management monitoring and assessment/research
- Funding/resource mobilization
- Knowledge management and decision-making support
- Participation, collaboration and networking
- Reporting and review process
- Other

Please describe below:

- For tackling DLDD issues in India, availability of adequate and predictable finance is crucial.
 - The reporting process needs to be made simpler and concise.
