Time: 10:30 AM - 12:30 PM

AGENDA NO. 1. IMPORT OF LEAD SCRAP/BATTERIES SCRAP (B1020/A1160)

1.1. Request for removal of condition i.e. "Prior Informed Consent from the Exporting Countries Required" by M/s Eswari Global Metal Industries Pvt Ltd, Karnataka, Pilot Industries, Alwar and Ardee Industries, Andhra Pradesh - reg.

M/s Eswari Global Metal Industries Pvt Ltd, Karnataka, Pilot Industries, Alwar and Ardee Industries, Andhra Pradesh has requested to reconsider the condition for Basel no. that fall under Part 'A' of Schedule III in the Hazardous and Other Wastes (Management and Transboundary Movement) (HOWM) Rules, 2016 as amended from time to time which mandates the Prior Informed Consent (PIC) from exporting country for import of hazardous waste. However, as per the Basel convention procedures prior inform consent from the importing country is required.

It is mentioned that the purpose of Basel convention is to ensure that the hazardous waste is recycled in an environmental sound recycling facility and the importing country is aware of the import of the waste. Since, MoEFCC has given permission only to environmentally sound recycling facility and without MoEFCC permission copy people cannot import hazardous wastes. They further stated that the permission of MOEFCC for imports might be considered as a Prior Informed Consent from the importing country. Hence, it will avoid any redundancy.

The matter was discussed in 134th meeting of EC and the EC after deliberation on the proposal noted that some of the e-waste processors have indicated that adequate quantity of high quality PCB is not available to them and therefore they have a challenge of capacity utilisation and viability. The applicant, on the other hand, submitted that the commercial terms being offered by domestic processors are not as attractive as being offered by overseas buyers. The EC felt that both these viewpoints had merit and need to be reconciled, and at least some high grade PCB should be supplied in the domestic market along with exports. EC, after deliberation on the proposal recommended that the applicant may be asked to provide details of high grade PCB produced and supplied to the domestic market.

Now, the applicant has provided the details and accordingly matter is listed in the agenda for deliberation/discussion.
